**Nobby's Head:** Head to the ocean in Newcastle! Known as Whibayganba to the Awabakal people, Nobby's Head holds deep cultural and spiritual significance in Aboriginal heritage. According to Awabakal tradition, Whibayganba is associated with a Dreaming story of a notorious kangaroo that leapt from Tahlbihn (now Fort Scratchley) to the safety of Whibayganba. You will be led by a Traditional Custodian who will share the stories and sites of significance on this walking tour.

**Baiame Cave** (Wonnarua Country): Baiame Cave near Milbrodale is home to ancient Aboriginal rock art over 1,000 years old, depicting Baiame—the Sky Father and creator. Painted high on the cave wall with arms outstretched, he watches over the Hunter Valley. This sacred site is a powerful symbol of Wonnarua culture, law, and connection to Country.

# CONCURRENT WORKSHOPS

## **Truth Telling and Healing in the Kimberley and Darling Downs**

*Kimberley Community members and Dr Mark Copland*

This workshop will describe the process of truth telling with two concrete examples. The first is the remembering of Frontier Wars in Southern Queensland and the second is part of the brutal killing times in Warmun in the East Kimberley. Both instances of truth telling have involved building respectful partnerships and deep listening.

They have moved beyond party politics or culture wars and are an example of what is possible when we approach our shared past with an open heart.

## **Spirit of our Land of the Holy Spirit**

*Erica Bernard*

Participants will come to know and understand spiritually - the Missa Terra Spiritus Sancti - Mass of the Land of the Holy Spirit. Explore prayerfully in how language and culture is immersed in our Catholic faith and how we are in our connection to Country, our traditions, our language and culture and God. An opportunity to plan our Closing Mass, bringing all our different cultural language groups together.

## **Laudato Si - Ecological Stations of the Cross**

*Sally FitzGerald and Jacqui Remond*

These Ecological Stations of the Cross can be traced back to St Francis of Assisi. We will walk a journey together through the Stations, produced by Aboriginal man John Dunn, and reflect as Pilgrims of Hope.

## **Brisbane RAP Journey**

*Ravina Waldren (Murri Ministry) and Joni McCourt (Brisbane RAP Coordinator)*

The Archdiocese of Brisbane has been a leading light in the adoption of Reconciliation Action Plans. Ravina and Joni will share the successes and challenges of the process and guide others who may want to create a RAP for their Parish, school or organisation.

## **Prayer in the Spirit -an encounter with the Fire of Love**

*Fr Steve Fletcher MGL*

Exploring how the Holy Spirit is at work in our everyday lives. This workshop will invite participants into a space of prayer, reflection, and openness to the movements of the Spirit.

## **Music in my Life**

*Dolly McGaughey*

Join Dolly - NATSICC's Torres Strait Islander Councillor - as she shares her story of faith through traditional and contemporary Torres Strait Islander music, including her own compositions.

## **Proposal for Celebrating a Feast of the Mystery of Creation**

*Evelyn Parkin and Cynthia Rowan*

This workshop will connect through our stories and Scripture with a Proposed Feast of the Mystery on Creation that is happening in the worldwide church. We hope to share what a possible Feast of the Mystery of Creation is about and begin sharing amongst us about how we might bring it into our local communities through NATSICC.
